- **Miscellaneous:** Stampin' Dimensionals (104430)

## Fun Fold Friday – Accordion Flag Fold Card

By: Rose Coleman (www.rosecoleman.com)

### Instructions:

1. For the card base, cut Starry Sky Cardstock to 8- $\frac{1}{2}$ " x 5- $\frac{1}{2}$ " and score on the long side at 4- $\frac{1}{4}$ ".
2. For the Accordion part of the card, cut a piece of Basic White Cardstock to 10" x 5- $\frac{1}{4}$ " and score on the long side at 2", 3", 4", 5", 6", 7" and 8". Using the Bone Folder, fold and reinforce all the score lines to create an Accordion shape with valleys on each side. Adhere the Accordion shape to the inside of the card by using glue on each end only. Cut one piece of DSP to 1- $\frac{3}{4}$ " x 5- $\frac{1}{4}$ " and adhere it to the left side of the Accordion piece. Stamp sentiment on the right side of the Accordion piece using Starry Sky ink.
3. For the card front, cut one piece of DSP to 4" x 5- $\frac{1}{4}$ " and adhere to the front of the card. Die cut one large scalloped rectangle in Basic White Cardstock using the Scalloped Contours die and stamp the greeting at the top using Starry Sky ink. Stamp polka dots on the rest of the scalloped rectangle using Parakeet Party ink. Adhere to the front card using Dimensionals.
4. To create 3 butterflies using the Build A Butterfly dies, die-cut butterfly pieces with DSP, Basic White and Starry Sky cardstocks. Assemble the butterfly pieces and adhere 1 butterfly to the front card and 2 butterflies to the middle of the Accordion piece, making sure the wings are not sticking out of the card so it fits in the envelope.
