Fun Fold Friday – Diorama Card

By: Rose Coleman (www.rosecoleman.com)

Instructions:

1. For the diorama base, cut 2 pieces of Petal Pink Cardstock to 6" x 4-1/4". For each piece of cardstock, score on the long side at 1/2", 1", 5" and 5-1/2" (or score at 1/2" and 1" from both ends, as you prefer). Using your bone folder, reinforce the score lines by folding forward and back.
2. Cut 2 pieces of DSP to 4" x 3-3/4" and adhere one of them to the front of the back panel (to create the background) and the other one to the front panel. Using the largest circle from the Layering Circle Dies, die cut a circle in the middle of the front panel to create the window part.
3. To decorate the inside of the diorama, use the forest die from the Grove Dies and die cut the forest in a piece of 3-3/4" x 3-3/4" Soft Succulent Cardstock. Use your Sponge Daubers to add Evening Evergreen ink to the leaves and grass, and Early Espresso ink to the trunks of the trees. Adhere the forest background to the back panel with Dimensionals. Die cut the Mom deer and Baby deer with Soft Suede Cardstock and adhere them both to the background (you can use 2 layers of Dimensionals for the Mom deer to make it pop).
4. To assemble the diorama pieces, add Tear & Tape to the back of both ends of the front panel and adhere them to the front of both ends of the back panel.
5. To decorate the front of the card, cut a piece of the Evening Evergreen ribbon and adhere it to the bottom left side with Tear & Tape. Die cut the 2-1/8" flag from the Stylish Shapes Dies in Very Vanilla Cardstock, stamp the sentiment with Memento Black ink and adhere it on top of the ribbon with liquid glue. Die cut the 2 leaves from the Grove Dies, one in Soft Succulent Cardstock and one in Evening Evergreen Cardstock, and adhere both leaves to the flag, as per photo.
6. To decorate the back of the card and write your greetings, cut one piece of Very Vanilla Cardstock to 4" x 4" and adhere it to the back of card.
